

TMPIS/CIR/07/17-18

Date: 16 May, 2017

Dear Parent

Greetings of the day!

The Government of Gujarat has passed **The Gujarat Self-Financed Schools (Regulation of Fees) Act 2017**. This Act has many provisions, including the procedure for determining the fees after considering various factors, by the Fee Regulatory Committee.

The **District Education Officer** visited our School and has clarified the following points which are mentioned in the circular dated 07/04/2017 issued by the Education Department of the Govt. of Gujarat.

- Private schools can collect fees as per the last academic year's fees as an interim arrangement of fees collection, to avoid conflict between school and parents.
- At present, since the Fee Regulatory Committee has not been formed, the School has been asked to collect 3 month's fees.
- The amount of fees shall be subject to recovery / adjustment, after the Fee Regulatory Committee fixes the fees for individual schools.

In accordance with the above circular and until further information, all parents are requested to pay fees hereafter as per last year's fees. It is clarified that the fees paid presently, as per last year's fees, shall only be an interim arrangement, as proposed by the Govt. and is subject to the final decision of the Fee Regulatory Committee. For those parents who has already paid the fee for first quarter, if there is any fee variation, it will be adjusted in the next quarter. Kindly note that the above Fee regulation points are not related to additional facilities like canteen or transport.

You have admitted your ward at T M Patel International School because of its academic practices which focus on the student being an active learner, various co-curricular activities, sports, teachers, support staff, infrastructure, etc. To maintain these high standards we invest in resources and incur expenditure. These points are reiterated here to clarify the current situation and to ensure transparency and clear communication between parents and the school.

On behalf of the school Management and Staff, I would like to extend my sincere gratitude to all parents for their continued support and hope for a continuation of a strong Home-School Partnership.

Looking forward to your co-operation.

Best regards

Ms. Sneha Nayar

Principal
